AWARENESS, THREAT RECOGNITION & DE-ESCALATION

THE FOUNDATION OF PERSONAL SECURITY

The warning signs are almost always there. Most training ignores them and starts at the fight.

**Read them early and you walk away —
before there is anything to survive.**

Taught by Chad Tiller • Retired Green Beret, U.S. Army Special Forces • 20+ years of service

WHAT YOU WALK OUT KNOWING

- 01** Spot the attack cycle before it closes on you
- 02** Read any room's baseline — and the thing that breaks it
- 03** Know the real pre-attack indicators. And the myths.
- 04** Own the space: distance, exits, parking lots, stairwells
- 05** Talk it down — or set the hard line
- 06** Beat the freeze when it counts

Ages 15 & up. No experience needed. Not a fighting class.

Already training with us? This course is required before Combatives.
